Dear Customer,

Uniconfort are pleased to announce the establishment and launch of Uniconfort-UK, a UK based Company fully shared by Uniconfort Italy, responsible for all technical services.

Uniconfort have established a market presence in the UK second to none with over 275 biomass installations and as a natural step Uniconfort UK has been established to service the extensive current and expanding Uniconfort biomass estate in the UK which includes boilers from 199kW to 5.8MW and LTHW, MTHW and Steam installations.

UNICONFORT-UK is the only opportunity for you to work directly with the boiler manufacturer and benefit from their wealth of specialist expertise, knowledge and resources ensuring the good practices developed to date are enhanced with continuous improvement to ensure maximum availability. Our UK subsidiary is the sole source of direct parts supply and technical resources for all Uniconfort appliances.

If you require boiler service agreement, spare parts, technical works, boiler commissioning or the development of your existing installation then please call us on 01400 283483 or email info@uniconfort.uk

If you require a new boiler please contact our Sales Manager Mr. Stefano Barcheri on 0039 346 0675574 or email s.barcheri@uniconfort.com.

Yours Sincerely,

Davis Zinetti
CEO
Uniconfort s.r.l.
